**Petition Outgrowth of Recent  
Row in Which Special Of-  
ficer is Assaulted; Counter  
Petition Is Withdrawn.**

There is to be a local option election at Los Griegos and Los Candelarias. Residents of the precinct in which the two settlements are situated filed a petition with the county commissioners this week, and the board took it under advisement yesterday. According to A. B. Stroup, who appeared before the commissioners in the interest of the petitioners, the board has no option under the law, in view of the petition, and is required to issue a call fix a date and name a voting place for the election. There are two saloons in the precinct, both at Griegos.

The petition was signed by seventy-one voters. A counter petition was circulated by men opposed to an election, and twenty-three signatures were obtained. The counter petition was filed yesterday morning and withdrawn in the afternoon. It is said that it was knocked in the head after Modesto C. Ortiz, attorney for the election petitioners, read it. He told his clients it is said, that they had no ground whatever on which to base a protest.

The local option movement in Los Griegos and Candelaria was a swift growth starting last Wednesday. It is said to have been brought about by the fact in which a special peace officer was assaulted according to allegations by half a dozen men, one of whom is charged with killing the officer. It was a spontaneous movement, it is stated, started by the residents on their own initiative. There were no agitations and no meetings. The petition was filed Monday and, as stated, the counter petition this morning.

There are 227 registered voters in the precinct. It is stated that not more than half that number usually vote. The largest vote ever recorded in the precinct it is said, was two-thirds of the registration.

At the board's session yesterday afternoon, Mr. Stroup, for the petitioners, noted that the school house be named as the voting place. Mr. Ortiz opposed the suggestion. He said the school house wasn't central enough. The board took the petition under advisement.

**KRUEGER HEARING SET  
FOR THIS AFTERNOON**

Louis W. Krueger, accused of passing two worthless checks, will be arraigned before Justice Craig in the Twenty-sixth precinct court this afternoon at 5 o'clock. He is alleged to have given a bad check for \$10 to T. S. Mitchell, proprietor of the Hotel Combs, and a check for \$5 equally worthless to Mike Mandell, the clothing dealer. He describes himself as a printer.

**DEAFNESS CANNOT BE CURED**

by local application, as they cannot reach the diseased portion of the ear.

There is only one way to cure deafness, and that is by constitutional remedies.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by surgery.
